### Agency Overview

The CAPAA was established by the state legislature in 1974 to improve the well-being of Asian Pacific Americans (APAs) by insuring their access to participation in the fields of government, business, education, and other areas. It has a board made up of 12-governor appointed members that represent the diverse APA communities of Washington State.

**Supported Employment, DD High School graduates (\$785k) total \$325k- helps young adults with developmental disabilities to graduate from high school and to transition directly into jobs in the community. The additional funds recognize that more DD clients are prepared to graduate to employment than originally assumed in the 2007-09 Operating budget.**

**ELL teacher preparation budget proviso \$67k – directs the Professional Educators Standards Board to develop recommendations to address gaps and weaknesses in preparing all teachers to educate English Language Learners. This bill passed the House by a vote of 97-0.**

**HB 3212- monitoring and addressing the achievement of groups of students. Sponsored by Rep. Sharon Tomiko Santos. Passed final passage on March 11, 2008.**

**SB 6673 – Creating extended learning opportunities. Sponsored by Senators McAuliffe, Brandland, Hobbs, McDermott, Rasmussen, Weinstein, Oemig, Tom, Kauffman, Hargrove, Fairley, Franklin & Shin. This is all pending for approval from Governor Chris Gregoire.**

- 4. New Americans Initiative – Governor Chris Gregoire signed an Executive Order**  
On February 20, 2008 to approve the New Americans Initiative and the formation of the New Americans Initiative Council. This initiative is to ensure a comprehensive, strategic approach to integrating immigrants and their families in Washington State. This is one of CAPAA's legislative priorities.
- 5. APA Heritage Month – May 4, 2008 at the Seattle Center.**  
I have requested for Governor Gregoire's proclamation for APA Heritage Month. We should plan to show presence there as we may launch our 2008 poster of updated APA firsts and APA highlights and history. CAPAA in the past always had an information table. Would be great to show support to our APA community by being there!
- 6. Boards & Commissions Orientation- I have included the letter from Kim Tanaka.**  
Please confirm your attendance. It is also open to all commissioners who wish to attend the orientation again.
- 7. CENSUS 2010 – the Decennial Census 2010 is just about two years from now.**  
The 2010 Language program will include the 2010 Census Questionnaire in Multiple languages. Since I sit on the Asian Advisory Committee for Asian population, I will update you on progress and recruiting potential for Census jobs. CAPAA should partner with the Regional Census partnership program.
- 8. Letter to Dr. Terry Bergeson- in follow up to the disaggregation of data as an Appropriation from SB 5843; and asking to meet with her on the new budget proviso for the study of the achievement gap.**
